

Discipleship 101: Real Answers for Real Life

“Make Disciples”— it’s more than a slogan. The suffering, sinful, discouraged and hurting are all around us, but how should we help them? How do we lovingly make disciples?

Being a disciple-maker is about living life with others and humbly giving real answers to real questions. Discipleship 101 will equip you to think through life’s real questions and seek answers in the only place that offers real wisdom, the Bible.

On Sunday nights in 2018, we will sharpen our disciple-making through learning key principles and skills to help us more effectively reach the hearts of our families, church and community. Are you willing to be equipped to “make disciples?”
